After leaving Heraklio airport in about 60 km, on your right hand, you will see a sign to Perama . By following the signs, after 7 km you will have reached the village of Perama.

In the entrance of Perama,on your right hand, there is a river and an iron bridge.After crossing the bridge you will have reached the center of the village.Your next move is to turn right, then in about 400 m, you will turn left and follow the signs of "VILLA ELISABETH"

You follow exactly the same directions when you leave from the airport of Hania.

In this case you will see the first sign to Perama at 84km.

If any trouble comes up, you can call us, or ask for information at the traditional café, which we owe and is located at the center of the village, as you can see from the plan.
